From Director's desk...

Dear Customers, INSIGHTS Readers and Well-wishers...

Warm Greetings from Speciality Innotech Pvt Ltd.!!!!

As we reflect on the past year, we are proud of our accomplishments. We have expanded our product line and working space, launched our self-developed product like MOCA. We have also continued to invest in our team and our technology, so that we can better meet your needs.

Our commitment to excellence remains unwavering. We will continue to invest in research and development, ensuring that our products are at the forefront of industry standards. We are also focus on 'Make in India' to achieve the slogan "Nation First, Always First". We are collaborating extensively with Defense Establishments to innovate new non-metal armor for advanced vehicles, as well as developing abrasion-resistant composites with high-load-bearing capacity for advanced equipment.

Within the scope of our engagement in various industry-focused exhibitions across the country, we took an active role in two major exhibitions i.e. DEFTECH by MCCIA and PU-TECH 2023 by PUA- New Delhi this year. These exhibitions predominantly highlighted events at both regional and national levels. Our main goal is to showcase our defence applications and introduce our newly self-developed PU Raw material known as 'MOCA', this participation mainly is for our potential national and global growth.

*"We are small enough
to be flexible and
competent enough to
solve your problem."*

Products

Some highlights...

- In the year 2023, we organized a wonderful team-building activity in April 2023, in which we conducted exciting team games. This resulted in increasing a great bonding within all our workers and staff.

- Our employee Mr. Rajaram More has been retired as on 13th September 2023, after completion of his 37 years of service dedicated to our company.

As we step into the New Year, let us embrace the opportunity for a fresh start, new goals and a renewed commitment to our shared vision. Let us foster collaboration, innovate fearlessly and embrace the changes and possibilities that lie ahead.

Together, we can make 2024 a year of growth, prosperity and positive impact for all.

Thank you for being an integral part of our journey. Wishing you and your loved ones a joyful, prosperous and fulfilling New Year ahead.

Mandar Lele.
Managing Director
