Cast Polyurethane Products

A LEGACY OF QUALITY AND PERFORMANCE

Speciality Innotech Pvt. Ltd. – an established leader in innovation in polyurethane elastomers offers 'Innothane' Cast Polyurethane Products for virtually every industrial sector such as Oil & Gas, Steel, Mining, Automobiles and Bulk Material Handling.

The company has a fully automated production plant with latest technology with global process control quality standards, and all the manufacturing facilities under one roof. In addition, Speciality Innotech has a state-of-the-art lab with ultra-modern equipment for testing of raw materials, physical properties and product performance.

The company's technological expertise backed with state-of-the-art R&D establishment extends to formulating tailor-made polyurethanes and handling wide range of materials from 30⁰ A to 75⁰ D hardness. Appropriate processing techniques ensure manufacturing of products weighing from 3 g to 500 kg.

To ensure prompt services, the company has a wide marketing network within the country. Speciality Innotech's consistent quality and performance is recognised by its growing list of satisfied customers in India as well as across the globe.

UNPARALLELED PROPERTIES

All plastics, rubbers and metals have a variety of properties that make them useful in industry. 'Innothane' far excels all these materials in sheer versatility with these advantages:

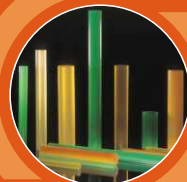

- Excellent Abrasion Resistance
- Impact and Shock Resistance
- Resilience (High or Low)
- High Load-bearing Capacity
- Flex Fatigue Resistance
- Non-marking Characteristics
- Cut and Tear Resistance
- Strong Bonding to Metals and Plastics
- Oil, Solvent, Water, Chemical and Ozone Resistance
- Working Temperature Range : – 40⁰ C to 80⁰ C
- 'Tailor-made' Materials for Optimum Performance

INNOVATIVE SOLUTIONS FOR

MINING & BULK MATERIAL HANDLING

STOCK MATERIALS

SHEET METAL FORMING

OIL & GAS

CUSTOM MOULDED PRODUCTS

MALLETS

'SUPRACELL' BUFFERS
